## Advisory Conventions

Four advisories are used throughout the user manual to provide helpful information or alert you to the potential for hardware damage or personal injury. These are Notes, Important, Cautions, and Warnings. The following is an example of each type of advisory.

**Note:**

A note is used to emphasize helpful information

**Important:**

An important note indicates information that is important for you to know.

**Caution** A Caution alert indicates potential damage to hardware and explains how to avoid the potential problem.

**Attention** Une alerte d'attention indique un dommage possible à l'équipement et explique comment éviter le problème potentiel.

**Warning!** An Electrical Shock Warning indicates the potential harm from electrical hazards and how to avoid the potential problem.

**Avertissement!** Un Avertissement de Choc Électrique indique le potentiel de choc sur des emplacements électriques et comment éviter ces problèmes.

## Safety Information

### General Product Safety *Sécurité générale des produits*

- Do not block any ventilation openings. Do not place the product against a wall or in an enclosed space, as doing so might impede cooling airflow.
- *[FR] Ne pas bloquer les ouvertures de ventilation. Ne pas placer le produit contre un mur ou dans un espace clos de façon à entraver la circulation de l'air de refroidissement.*
- Do not place the product near any heat sources such as radiators, warm air intakes, stoves, or other heat-generating devices (including amplifiers or other heat-producing equipment).
- *[FR] Ne pas placer le produit près d'une source de chaleur comme des radiateurs, les arrivées d'air chaud, poêles ou autres produits générant de la chaleur (y compris les amplificateurs ou autre équipement produisant de la chaleur.)*
- Protect the power cord from being crushed or pinched, particularly in the area of the plugs, any receptacles used, and the point of exit from the apparatus. Do not break off the ground pin of the power cord.
- *[FR] Empêcher le cordon d'alimentation d'être écrasé ou pincé, en particulier dans les zones de prises, des containers utilisés, et du point de sortie de l'appareil. Ne pas casser la broche de terre du cordon d'alimentation.*
- Do not disregard the safety that a polarized or grounded connection can provide. A polarized connection consists of two plugs, one of which is larger than the other. A grounded connection has two blades and a third one that is grounded. If the main plug provided cannot be inserted into your outlet, consult an electrician to replace your obsolete outlet.
- *[FR] Ne pas ignorer la sécurité qu'une prise polarisée ou une prise de terre peut prévoir. Une prise polarisée se compose de deux fiches, dont l'une est plus large que l'autre. Une prise de terre possède deux lames et une troisième qui est la terre. Si la fiche principale fournie ne peut être insérée dans votre prise, consultez un électricien pour remplacer votre prise obsolète.*
- Use only accessories specified by the manufacturer.
- *[FR] Utiliser uniquement les accessoires spécifiés par le fabricant.*

- This product should not be used near water such as bathtubs, sinks, swimming pools, wet basement, etc.

*[FR] Ce produit ne doit pas être utilisé près de l'eau comme les baignoires, les éviers, les piscines, les sous-sols humides, etc.*

- Use only with its transport carriage, stand, tripod, console, or table specified by the manufacturer or sold with the product. When using a carriage, move the carriage assembly with the product carefully to avoid damage from falling over.

- *[FR] Utiliser uniquement avec son chariot de transport, support, trépied, console ou table spécifiés par le fabricant ou vendu avec le produit. Lors de l'utilisation d'un charriot, déplacez l'ensemble chariot avec le produit avec soin pour éviter tout dommage de chute.*

- Unplug this apparatus during lightning storms or when it is not being used for long periods.

- *[FR] Débrancher cet appareil durant les orages ou lorsqu'il n'est pas utilisé pendant de longues périodes.*

- Refer all servicing to qualified service personnel. A technical intervention is required when the apparatus has been damaged in any way, for example, if the power cord or plug is damaged, liquid has been spilled, or objects have fallen inside the unit if the product has been exposed to rain or moisture, if it does not operate normally or if it has been dropped.

- *[FR] Confier toute réparation à du personnel qualifié. Une intervention technique est nécessaire lorsque l'appareil a été endommagé de quelque façon, par exemple si le cordon d'alimentation ou la fiche est endommagé, du liquide a été renversé ou des objets sont tombés à l'intérieur de l'unité, si le produit a été exposé à la pluie ou à l'humidité, s'il ne fonctionne pas normalement ou s'il a été jeté.*

### General Guideline *Directive générale*

It is recommended to reboot the device when some functions are defective or inactive. If it still can't solve the problems, please contact your dealer or agent.

- *[FR] Il est recommandé de redémarrer l'appareil lorsque certaines fonctions sont défectueuses ou inactives. Si le problème persiste, veuillez contacter votre revendeur ou votre agent.*

## Handling and Maintenance

### General Guideline *Guide Général*

Keep the product at least 13 cm (5 inches) away from electrical appliances that can generate a strong magnetic field such as TV, refrigerator, motor, or a large audio speaker.

*[FR] Garder le produit au moins à 13 cm (5 pouces) de distance des appareils électriques qui peuvent générer un fort champ magnétique comme une télévision, un réfrigérateur, un moteur, ou un important haut-parleur.*

Do not place heavy objects on top of the tablet computer as this may damage the display.

*[FR] Ne pas placer d'objets lourds sur le dessus de l'ordinateur tablette cela peut endommager l'écran.*

The screen surface can be easily scratched. Use with care. Do not use paper towels to clean the display but use the included cleaning cloth. Avoid touching it with a pen or pencil.

*[FR] La surface de l'écran peut être facilement rayée. Utiliser avec précaution. Ne pas utiliser de serviette en papier pour nettoyer l'écran mais utiliser le chiffon de nettoyage inclus. Éviter de toucher avec un stylo ou un crayon.*

To maximize the life of the backlight in the display, allow backlight to automatically turn off as a result of power management. Avoid using a screen saver or other software that prevents the power management from working.

*[FR] Pour maximiser la durée de vie du rétroéclairage de l'écran, autoriser le rétroéclairage résultant de la gestion de l'alimentation. Éviter d'utiliser un économiseur d'écran ou un autre logiciel empêchant la gestion de l'alimentation de fonctionner.*

### Cleaning Guideline *Guide de nettoyage*

Use a soft cloth moistened with water or a non-alkaline detergent to wipe the exterior of the product.

*[FR] Utiliser un chiffon doux humidifié avec de l'eau ou un détergeant non alcalin pour essuyer l'extérieur du produit.*

Gently wipe the display with a soft, lint-free cloth. Do not use alcohol or detergent on the product.

*[FR] Essuyer délicatement l'écran avec un chiffon doux non pelucheux. Ne pas utiliser d'alcool ou un détergent sur le produit.*

### Touchscreen Guideline *Guide de l'écran tactile*

Use your finger or the stylus on display. Using sharp or metallic object may cause scratches and damage the display, thereby causing errors.

*[FR] Utiliser votre doigt ou le stylet sur l'écran. L'utilisation d'un objet pointu ou métallique peut provoquer des rayures.*

Use a soft cloth to remove dirt on display. The touchscreen surface has a special protective coating that prevents dirt from sticking to it. Not using a soft cloth may cause damage to the special protective coating on the touchscreen surface. To clean off hard to remove dirt, blow some steam on the particular area and gently wipe away using a soft cloth.

*[FR] Utiliser un chiffon doux pour enlever la poussière sur l'écran. La surface de l'écran tactile a un revêtement protecteur spécial empêchant la saleté de se coller à lui. Ne pas utiliser un chiffon doux peut endommager le revêtement spécial sur la surface de l'écran tactile. Pour nettoyer les saletés plus difficiles à enlever, souffler de la buée sur la zone particulière et essuyer doucement avec un chiffon doux.*

Do not use excessive force on display. Avoid placing objects on top of the display as this may cause the glass to break.

*[FR] Ne pas utiliser une force excessive sur l'écran. Éviter de placer des objets au dessus de l'écran cela pourrait provoquer une cassure du verre.*

When there is a noticeable discrepancy in the operation of the touchscreen function (your touch does not correlate to the proper location on the screen), recalibrate the touchscreen display.

*[FR] Lorsqu'il y a un écart sensible dans le fonctionnement de l'écran tactile (votre contact ne correspond pas à la bonne position sur l'écran), recalibrer l'écran tactile.*

## Declaration of Conformity (DoC)

### FCC Statement

This device complies with part 15 FCC rules.

Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation

This equipment has been tested and found to comply with the limits for a Class "B" digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at his own expense.

### CE Notice (European Union)

This equipment is in conformity with the requirement of the following EU legislation and harmonized standards. The product also complies with the Council's directions.

Electromagnetic Compatibility Directive (2014/30/EU)

- EN55024: 2010/ A1: 2015
  - IEC61000-4-2: 2009
  - IEC61000-4-3: 2006+A1: 2007+A2: 2010
  - IEC61000-4-4: 2012
  - IEC61000-4-5: 2014
  - IEC61000-4-6: 2014
  - IEC61000-4-8: 2010
  - IEC61000-4-11: 2004
- EN55032: 2015/AC:2016
- EN61000-3-2:2014
- EN61000-3-3:2013

Low Voltage Directive (2014/35/EU)

- EN 62368-1:2014

## Introduction

Congratulations on purchasing Winmate® 10.1-inch Rugged Windows Tablet M101TG.

M101TG is a rugged tablet with robust features designed to withstand industrial use while providing high-tech solutions that increase productivity, improve safety, and reduce operational costs. The processing power comes from Intel® Core i5-1135G7, 2.4 GHz processor. The tablet features a brilliant, in-plane switching with direct optical bonding, projective capacitive touch screen, which is outdoor viewable and offers 1920 x 1200 pixel resolution. Weighing at just 2.8 pounds (approximately 1300 grams), the M101TG delivers lightweight mobility in a rugged tablet.

### Highlights

- 10.1" 1920 x 1200 IPS LED Panel with direct optical bonding
- Hot swappable battery design
- Intel® Core™ i5--1135G7 Tiger Lake processor
- IP65 waterproof and dustproof, MIL--STD--810H shock, vibration and drop resistance
- Sunlight readable with anti-glare solution

## Unpacking

Check and identify the supplied accessories:

- **Tablet Computer**

- **Standard Battery**

- **Power Adapter**

- **Power Cord and Plugs**

- **Stylus**

- **Quick Start Guide**

Your package may include other optional accessories based on your order:

- **Desk Dock**
- **Vehicle Dock (without VGA output)**
- **Vehicle Cradle**
- **Vehicle Charger**
- **Battery Charger**
- **Hand Strap**
- **Shoulder Strap**
- **Carry Bag**
- **Micro HDMI Cable**
- **USB-C to Ethernet Adapter**
- **USB-C to RS232 Adapter**
- **USB-C to USB-A Hub**

Description of Parts

Dimensions: 271.80 x 198.21 x 21 mm

Front:

Left:

Right:

| No | Item                                | Description  |
|----|-------------------------------------|--|
| 1  | 10.1" Touch Screen                  | Display and act as one of the inputs for the Tablet Computer.  |
| 2  | Digital Mic with noise cancellation | Use during video recordings and communications.  |
| 3  | Front Camera                        | 2 Megapixel Webcam.  |
| 4  | Light Sensor and LED Indicators     | Show the current status of the Tablet Computer. RF communications, storage, battery, and power status. |
| 5  | I/O Cover                           | Protect I/O ports.   |
| 6  | Fn1 Button                          | Programmable function key configured by Hottab Utility.  |
| 7  | Menu Button                         | Hottab Quick Access.   |
| 8  | Power Button                        | Power on/off the tablet.   |

Front LED Indicator Details:

| No | Item                | Description  |
|----|---------------------|--|
| 9  | Kensington Lock     | Use to attached tablet computer around a table leg or another secure location.   |
| 10 | Micro HDMI          | HDMI output to the external display.   |
| 11 | Reset Button        | Hardware reset button.   |
| 12 | MicroSD Card Reader | Memory card reader port for MicroSD Card.  |
| 13 | USB 3.0 Type-C      | A high-speed USB port connects to USB devices, such as a USB flash drive, mouse, keyboard, printer, etc.<br><b>Note:</b> The USB Type-C connector follows USB 3.0 standards, not supporting Alternate Mode (ALT) |
| 14 | USB 3.0 Type-A      | USB 3.0 port connects to USB devices, such as USB flash drive, mouse, keyboard, printer, etc.  |
| 15 | Mic In/Line Out     | Headset or headphone can be connected (Mic is only supported with a 3.5mm 4-pin headset).  |
| 16 | Power Jack          | DC power input jack.   |

**Rear:****Top:****Bottom:**

| No | Item                        | Description   |
|----|-----------------------------|---|
| 17 | Camera Flash                | LED camera flash to provide flash lighting when used with a camera.                 |
| 18 | Rear Camera                 | 8MP Autofocus Camera. Capture photos and videos.                                    |
| 19 | Battery Release Slider      | Spring-loaded slider that latches the battery in.                                   |
| 20 | Touch Pen Slot              | Pen holder slot to store touch pen.   |
| 21 | Battery Lock Latch          | Latch to lock the battery in place once the battery is inserted. Not spring-loaded. |
| 22 | Speakers                    | Emit sounds.  |
| 23 | WWAN Module / SIM card slot | Service window to insert Micro SIM card. Also, provide access to WWAN Module.       |
| 24 | Fan Intake                  | Cooling system.   |
| 25 | Battery                     | Hot-swappable 10.8V, typ. 4700 mAh Li-Polymer Battery (3S2P).                       |

| No | Item                     | Description  |
|----|--------------------------|--|
| 26 | Optional Barcode Scanner | Barcode scanner for reading of 1D/2D barcode.  |
| 27 | Volume Buttons           | Volume Control. (+) Raise volume, (-) Lower volume.                                      |
| 28 | Fn2 Button               | Programmable function key configured by Hottab Utility.                                  |
| 29 | Docking Connector        | Port to docking solutions such as vehicle docking to provide power and external antenna. |

## Hotkey for Specific Functions

Physical buttons with their dedicated functions can be used to emulate commonly used keyboard keystrokes. Under a different scenario, a single physical button or a combination of physical buttons provide extra keyboard keystrokes, which are specified below:

**In POST (before Windows boots up):**

| Buttons                       | Keystroke                      |
|-------------------------------|--------------------------------|
| <b>Fn1</b>                    | F6 to enter Recovery Menu      |
| <b>Fn2</b>                    | Esc to enter BIOS setup screen |
| <b>Volume Up (+)</b>          | Up                             |
| <b>Volume Down (-)</b>        | Down                           |
| <b>Menu + Fn1</b>             | Enter                          |
| <b>Menu + Volume Up (+)</b>   | Right                          |
| <b>Menu + Volume Down (-)</b> | Left                           |

**In Windows:**

| Buttons                                  | Keystroke            |
|--|----------------------|
| <b>Menu</b>                              | Hottab Quick Access  |
| <b>Fn1</b>                               | Default: Web Browser |
| <b>Fn2</b>                               | Default: Camera      |
| <b>Volume UP (+)</b>                     | Raise volume         |
| <b>Volume Down (-)</b>                   | Lower volume.        |
| <b>Power</b>                             | Power ON/ OFF        |
| <b>Volume Up (+) and Volume Down (-)</b> | Ctrl + Alt + Del     |

## Getting Started

### Installing SIM card (For WWAN Equipped Devices)

To install the SIM card:

Tools Needed:

#### Service Windows

Screw: M2x5, 4 pc  
Screwdriver: Philips Type, Size #0, for M2 screws, torque:  $2.0 \pm 0.5$  kgf.cm

#### WWAN Module

Screw: M2x3.5, 1 pc  
Screwdriver: Philips Type, Size #0, for M2 screws, torque:  $2.0 \pm 0.5$  kgf.cm

- 1 Remove four screws and remove the service window.
- 2 Remove the one screw that secures the WWAN module. Carefully lift the module. **Do not disconnect cables.**

- 3 Carefully flip and move the WWAN module and to the right. **Do not disconnect cables!**
- 4 Insert SIM-Card all the way in. **Chip/ contact facing down.**

- 5 Use your hand to carefully pull the cable outside the module card. Re-insert the WWAN module and fasten one screw. Accurately route the cables. **Do not bend, pinch, or squeeze the cable.**

- 6 Re-insert the service window and fasten with the four screws.

**Caution** When re-inserting WWAN module, please pay attention to cable routing. Make sure the cable module connects properly and does not get squeezed.

**Attention** Notez l'acheminement du câble lorsque vous réinstallez le module WWAN.

Assurez - vous que les modules de câble sont correctement connectés et qu'ils ne sont pas pincés.

## Installing a Micro SD Card

*To install Micro SD Card:*

1. Open I/O protective cover by pulling out the latch.
2. Insert the microSD card into a slot with contacts facing down.
3. Press the card in to ensure that it is seated properly.
4. Close I/O protective cover.

*To remove Micro SD Card:*

1. Open I/O protective cover by pulling out the latch.
2. Push and release the microSD card to unlock it.
3. Pull out the microSD card.

## Installing Battery

*To install the standard battery pack:*

1. Disconnect any cords connected to the tablet computer.
2. Turn the tablet over, back facing up.
3. Locate the Battery Lock Latch and push it to the "Unlocked" position.
4. Locate the Battery Release Slider that is spring-loaded. Pull back and hold.
5. Insert the battery with the connector-pins side first, and then lower the battery into the battery compartment. Continue to hold the Battery Release Slider until the battery is fully inserted.
6. Make sure the battery is completely lowered into the compartment before letting go of the Battery Release Slider. The battery will be flat against the housing once fully inserted.

*To remove the battery pack:*

1. Shut down the tablet (or put it into sleep mode). Disconnect any cords connected to the computer.
2. Turn the tablet computer over, back facing up.
3. Locate the Battery Lock Latch and push it to the “Unlocked” position.
4. Locate the Battery Release Slider that is spring-loaded. Pull back and hold.
5. Lift the battery out using the opening on the side of the battery compartment.

## Charging Your Tablet

The tablet operates either on external AC power or internal battery power. It is recommended to use AC power when you start up the tablet for the first time.

**Caution** Use only the AC adapter included with your Tablet Computer. Using other AC adapters may damage the Tablet Computer and the Battery.

**Attention** Utilisez uniquement l'adaptateur secteur fourni avec votre tablette. L'utilisation d'autres adaptateurs secteur peut endommager la tablette et la batterie.

*To connect a tablet to AC power:*

1. Open I/O protective cover by pulling out the latch.
2. Plug the DC cord of the AC adapter into the power jack of the tablet computer.
3. Plug the AC power cord into the AC adapter.
4. Plug the AC power cord into the electrical outlet.

*The battery LED indicator shows different battery states:*

**Orange** - AC adapter is plugged in and the battery is charging.

**Green** - AC adapter is plugged in and the battery is fully charged.

**Solid Red** - Low battery level (<10%).

**Blinking Red** - Battery is being hot-swapped.

**No light** - Battery is in use and charged (>10%).

## Starting the Tablet

### Important:

When powering on the device for the first time, please make sure there is no interruption during the Windows setting up process, for example, accidentally powering off. If it happened, please access the recovery menu by pressing **Fn1** button on the front bezel to initiate the recovery process.

Press and hold the power button for **3 seconds** until the blue LED power indicator light up.

### Note:

Do not press the power button repeatedly.

Do not perform the following operations until the Disk Activity Indicator off

- Connecting or disconnecting the AC adapter
- Pressing the power button
- Touching the tablet buttons, screen, or external keyboard/mouse

To power off the Tablet Computer:

1. Make sure you have saved and closed any files and programs that are open on the Desktop.
2. Tap on the **Settings** charm.
3. Tap on **Power**.
4. Tap on **Shut Down**.
5. Wait for Tablet Computer to power off.

### Note:

The computer will be powered off if the power button is pressed and held for **6 seconds or longer**.

## Using Hottab Utility

Hottab is the utility to control all main functions of your tablet computer. When Windows starts up, Hottab starts and runs on the background. To display the Hottab interface press the  (Menu) button located on the front panel or launch the application.

 (Menu) Button on the Front Panel:

Hottab Utility Icon:

The main user interface is located on the right side of the screen. There are 4 main menu options: Shortcuts, Camera, Device ON/OFF, and Settings.

| Icon  | Description  |
|---|--|
| <br><b>Shortcuts</b>     | Allows users to configure short cut to quickly access programs with a few tabs.  |
| <br><b>Camera</b>        | Allows users to take a picture or record a video. Users can also adjust settings related to the camera in this menu option.  |
| <br><b>Device ON/OFF</b> | Enables/disables tablet computer's hardware functions. The configurable functions are WLAN, WWAN, GPS, BT, Camera, LED indicators, Barcode Reader, RFID Reader, and GPS Antenna routing options. |
| <br><b>Settings</b>      | Provides users information such as PC Information, battery status, and device settings such as power management setting, and function key mappings.  |

## Using the Camera

To take photos or videos:

1. Open the Hottab application. The on-screen Hottab Camera Indicator lights orange.
2. Point the camera at an object.
3. Touch the on-screen shutter button  to take a photo or video record  button to record a video.

## Changing Touch Mode

The tablet computer supports three built-in operating modes for different usage scenarios:

To change touch mode:

| Mode  | Description  |
|---|--|
| <br><b>Hand/Rain (Default)</b> | In <i>Hand/Rain</i> mode the touchscreen rejects false inputs from liquid drops. When the liquid is removed, the touchscreen accepts touch inputs from bare fingertips.<br><i>Supports input by:</i> <ul style="list-style-type: none"> <li>• <i>Active stylus with palm rejection</i></li> <li>• <i>Rubber tip passive stylus</i></li> <li>• <i>Bare fingertips</i></li> </ul>                |
| <br><b>Stylus</b>              | In <i>Stylus</i> mode, the touchscreen supports inputs from the fine-tip passive capacitive stylus (shipped with tablet).<br><i>Support input by:</i> <ul style="list-style-type: none"> <li>• <i>Fine-tip passive stylus with palm rejection</i></li> <li>• <i>Active stylus with palm rejection</i></li> <li>• <i>Rubber tip passive stylus</i></li> <li>• <i>Bare fingertips</i></li> </ul> |
| <br><b>Glove</b>               | In <i>Glove</i> mode, the touchscreen supports inputs while the user is operating the touchscreen with gloves on.<br><i>Supports input by:</i> <ul style="list-style-type: none"> <li>• <i>Glove</i></li> <li>• <i>Rubber tip passive stylus</i></li> <li>• <i>Bare fingertips</i></li> </ul>  |

(1) Shortly press Function Key 1 (To define the function key refer to User Manual, Chapter 4).

(2) Press  (Menu) button on the front to open HotTab, or launch HotTab Utility application. Choose

**Device ON/OFF**, and then click **“Touch Set”** icon.   

## Replacing Battery

The M101TG Tablet supports hot-swap, meaning the tablet doesn't need to be powered off to replace the main battery. To support hotswap, there is a backup battery inside the tablet that is charged together with the main battery. This battery cannot be removed, and requires adequate power for main battery hot swapping. When the backup battery is fully charged, the tablet can sustain up to 5 minutes of runtime for battery hot-swapping.

*Perform the following to hot swap the batteries:*

1. Power on the tablet, open Hottab to check the power level of the Backup battery.
2. If the Backup battery level is “Low”, please charge the tablet with AC Power until the Backup battery level is “Medium” or “High”, and do not remove the main battery.
3. If the Backup battery level is at “Medium” or “High”, you can remove the main battery.
4. Insert a new fully charged battery into the battery compartment.
5. Pen Hottab to check the Main battery level. If the battery level is displayed incorrectly, check if the new removable battery is inserted properly.
6. If the battery level is displayed correct, continue using the tablet.

**Caution:** Charge the built-in backup battery every two months to maintain the battery health and prevent possible issues from battery over-discharge.

## Scanning Barcodes

Barcode scanner is an optional feature. Depending upon configuration, barcode scanning can be performed using the built-in 1D/2D barcode scanner.

*To set up a barcode scanner:*

1. Tear off protective film from the barcode.
2. Press  Menu to open Hottab utility.
3. Choose **Device ON/OFF** and click **Barcode**.
4. Tap barcode power ON.
5. Press the **Fn** button located on the rear.
6. Scan a barcode to check your reader is working properly. Results will be displayed in Hottab.

## Reading RFID Tags

Depending upon configuration, the M101TG supports reading RFID tags. The RFID antenna is located on the back of the device under the RFID logo.

*To enable RFID Reader:*

1. Press  Menu to open Hottab utility.
2. Choose Device ON/OFF  and click on .
3. Tap on the ON button. The button turns green, and the RFID icon in the Hottab menu is orange.
4. Bring the RFID card toward the antenna. Result will be displayed in Hottab.

## NOTE
